

All,

Judge Jimmy Sylvia and Governor Abbot have declared disasters for Chambers County and coastal Texas. They also requested a Presidential Disaster, which President Trump has issued.

FEMA has now activated its system to support Chambers County as well as all of coastal Texas damaged by Harvey.

For homeowners and business owners who have suffered damages from Harvey, you MUST register with FEMA in order to receive any assistance from FEMA. You can register ONLINE at <https://www.fema.gov/apply-assistance> OR you can register by phone at 1-800-621-FEMA (3362).

Only YOU can register yourself for assistance: Chambers County, the city government CANNOT register you!

Thanks,

Ryan Holzaepfel

Chambers County
