Workshop

Mayor Sanders called the workshop to order at 5:05 p.m. Mayor Pro Tem Henry led the invocation and Alderman Crews led the pledges.

Mayor Sanders moved to item 1 discuss plans for city hall rehabilitation. Toby Davis, City Engineering went over the plans with the Mayor and Council. Mr. Davis explained the changes that were being purposed in areas. Mayor and Council made some additional changes.

Mayor Sanders moved to item 2 discuss a log for the elevated storage tank and ground storage tank. Bill Stults suggested us contacting the High School and also reaching out to the Citizens and doing a contest for the logo on ground storage tank as we were running out of time for the elevated storage tank and that tank would probably just have City of Anahuac on it. Council thought Mr. Stults idea was a good idea but the Mayor wanted to reach out Sheryl Shaw.

Due to a super quorum not being present, we were unable to have the special meeting.

With no further business needed to be brought before the council the workshop was adjourned at 7:06 p.m.
